

SECOND OUTREACH WORKSHOP FOR THE CALIFORNIA GEOSPATIAL FRAMEWORK DRAFT DATA PLAN

**LOCATION: US GEOLOGICAL SURVEY
3020 STATE UNIVERSITY DRIVE EAST
SACRAMENTO, CA
MODOC HALL
WILLOW 1 & 2**

**TIME: MAY 10, 2006
9:00 AM - 11:30 AM**

Goals of Geospatial Framework Workshop

- 1) Collect and document input from regional GIS collaboratives/councils and the public on Geospatial framework datasets for California, including regional priorities;
- 2) Summarize existing geospatial initiatives such as Framework data definitions, Geospatial One-Stop, NSDI, Imagery for the Nation, NDEP & NDOP, California Spatial Information Library (CaSIL), and discuss regional GIS collaborative activities;
- 3) Identify and prioritize data themes based on statewide/regional/local use potential, availability relative to existing geographic coverage and distribution rights, estimated timeline to serve data; and
- 4) Capture knowledge on availability, custodians, maintenance, costs, and future hosting options of existing data sources.

Conducted by: Michael Baker Jr., Inc.

On behalf of: California Geographic Information Association (CGIA) partnering with U.S. Geological Survey (USGS), California Resources Agency, and California GIS Council, with funding from the USGS and Federal Geographic Data Committee (FGDC).
